.....

BlackRock, one of the largest asset managers on Earth which owns just about everything, appears to be quietly buying up huge pieces of the U.S. energy grid. But don't worry they says it's all about building infrastructure for artificial intelligence.

About Natali and Clayton Morris:
Clayton Morris is a former FOX News anchor. Natali Morris is a former anchor and reporter for MSNBC, CNBC and CBS News. On Redacted, the married couple (not brother and sister!) and former mainstream news professionals take an in-depth look at the news the mainstream media largely ignores. They explore the legal, social, financial, and personal issues that matter to you. They want to set the record straight and bring you the stories nobody else tells. Along with the facts and the complete picture, Redacted offers real-world analysis without an agency driven by corporate overloads. With Clayton's extensive journalism experience, he isn't afraid to demand the truth from authorities. Redacted is an independent platform, unencumbered by external factors or restrictive policies, on which Clayton and Natali Morris bring you quality information, balanced reporting, constructive debate, and thoughtful narratives.

Blackrock is trying to bleed the middle-class into literal slavery.

You will own nothing, because they will, own everything.
